GOVERNMENT OF INDIA.

MINISTRY OF WORKS, HOUSING AND SUPPLY

New Delhi, dated 2nd April 1954

Subjects :—Payment of contractors' bills for supplies made against contracts placed by the Director General of Supplies and Disposals.

No. Pur- 21 (25) Under Clause 15 (*ii*) (a) of the General Conditions of Contract, 90 per cent of the price of each consignment is payable to a contractor on proof of despatch of stores to the consignee from a railway station or a port in India after inspection and acceptance by the Inspector. The balance 10 per cent is payable on receipt of the consignment in good condition by the consignee, and the consignee's receipt has to be submitted with the contractor's bill.

2 There are widespread complaints from firms that consignees do not return the receipt certificates duly completed to the contractors within a reasonable time which entails consequential delay in payment of the balance 10 per cent bills. Consignees must realise that it is as much their duty as it is of the Purchase or Accounts Organization to ensure that the contractors are paid their dues without any delay. Such delays must inevitably react on the prices which have to be paid for stores purchased. With a view, therefore, to avoiding such delay in payments, it has been decided in consultation with the Ministry of Finance and the Comptroller and Auditor General of India, that the procedure in clause (i) below will be observed with immediate effect and that in clauses (ii) and (iii) with effect from 1st June, 1954.

(i) The consignees should, as quickly as practicable, furnish to the contractors their receipt of having received the stores in good condition. The consignees must, under all circumstances, furnish such receipts within 75 days of the despatch of stores by the contractor. Where they are unable to do so, they should, before the expiry of this period, inform the Purchase Officer of the fact with reasons therefor. This should not, however, be understood as extending the time allowed to them for rejection of stores found not to be in accordance with the terms of the contract.

(ii) Where a consignee fails to furnish the contractor with the receipt certificate duly signed within 75 days of the date of despatch of the stores, and where the contractor brings this to the notice of the Director General of Supplies and Disposals, New Delhi, the Director General of Supplies and Disposals will then, if not satisfied with the reasons, if any, advanced by the consignee, issue a registered letter acknowledgment due, to the authority next higher to the consignee, intimating that the consignee has failed to return the receipt certificate within the period stipulated and calling upon such officer to arrange the issue of the certificate within a further period of 15 days, from the date of receipt of the letter. If no satisfactory reply is received from that authority within a period of 15 days from the date of receipt of the registered letter the Director General of Supplies and Disposals may at his discretion authorise payment of the balance 10 per cent bill, after obtaining an indemnity bond from the contractor, which will be kept by him in his safe custody after scrutiny. In the event of such payment being ordered, the consignee will have to take full responsibility for all the consequences that follow A copy of such order shall be endorsed to the consignee. Should any replacement of stores by or any recovery from

the contractor be necessary, it will, thereafter, be for the consignee to take the initiative and to get the terms of the indemnity bond enforced through the Director General of Supplies and Disposals.

(iii) The DAG (I & S) concerned on making payment under the special sanction issued by the Director General of Supplies and Disposals as above, shall intimate the fact to the Accounts / Audit Officer of the consignee and raise a debit against the consignee. It will be the duty of the consignee to settle the matter with his Accounts / Audit Officer either by sending the receipt certificate or arranging through the Director General of Supplies and Disposals for necessary recovery, replacement, etc. In the event of his failure to do so, Audit may find itself compelled to mention the matter in the Audit Report. The Comptroller and Auditor General is arranging to issue suitable instructions to Audit Officers separately to enable them to accept the debit and keep it under objection till it can be cleared on the consignee taking action as above.

(iv) Sanctioning payment of firms' 10 per cent bills under circumstances stated above will be entirely at the discretion of the Director General of Supplies and Disposals. No general commitment of the nature will be given to the contractors and such sanctions will only be given where the Director General of Supplies and Diposals is satisfied that the consignee has failed adequately to comply with the provision of clause (i) above.

3 It is understood that at present there is a large number of cases in which the consignees' receipt certificates have been delayed beyond 75 days. In those cases where such certificatos are on the date of receipt of these instructions, still outstanding, the consignee should immediately arrange to expedite their issue or to intimate to the contractor and the Purchase Officer of the reasons for the delay. They should ensure that this backlog of receipt certificates (is cleared by 31st May 1954 at the latest unless there are valid difficulties against the issue of the receipt tcertificate) in any particular case, in which case the contractor and the Purchase Officer should be informed of the same.

4 These instructions do not confirm any right on the contractor to claim balance payment of 10 per cent as of right in the absence of a receipt from the consignee showing acceptance of the contracted stores in good condition, nor absolve him from his obligations under the contract. Should any compensation or replacement become due in accordance with the terms of the contract, he shall remain liable therefor.

5 These instructions are liable to review and modification if necessary in the light of experience in the actual working thereof and should for the present be treated as experimental. The Director General of Supplies and Disposals are being asked to submit a report through the A.G.F.R. & S. after they have been in force for six months unless any serious difficulties arise earlier in their working.

T. C. PURI,
Joint Secretary to
Government of India.
